Craig see the attached approval from the Corps of Engineers. Let me know if there's anything else I can do to help.
Thanks

Subject: SAC-2021-01592, Buist Hanahan Mine

Dear Mr. Alston:

This is in response to your request for a Delineation Concurrence (SAC-2021-01592), received in our office on September 15, 2021, for a 13 acre site located at Buist Hanahan Road, Hollywood, Charleston County, South Carolina (Latitude: 32.7503°, Longitude: -80.2215°).

The review area is part of an overall project known as Buist Hanahan Mine. Based on a review of the information you submitted, the delineated boundaries depicted on the map titled "Figure 2: Aerial Photo/Waters Map" and received September 15, are a reasonable representation of the aquatic resources located onsite.

This information is sufficient for planning and permitting purposes with our office. Unless otherwise requested, no further correspondence will be forthcoming regarding this request.

In all future correspondence, please refer to file number SAC-2021-01592. State and/or Federal agencies have been copied on this email. If you have any questions, please contact Carl A.L. Johnson, Project Manager, at 843-494-0348, or by email at Carl.A.Johnson@usace.army.mil.

Due to the current situation involving COVID-19, I am currently teleworking. I will generally be available via e-mail and my mobile phone. Please be advised that response time may be delayed due to remote network connectivity and an increased volume of virtual meetings. Thanks in advance for your patience.

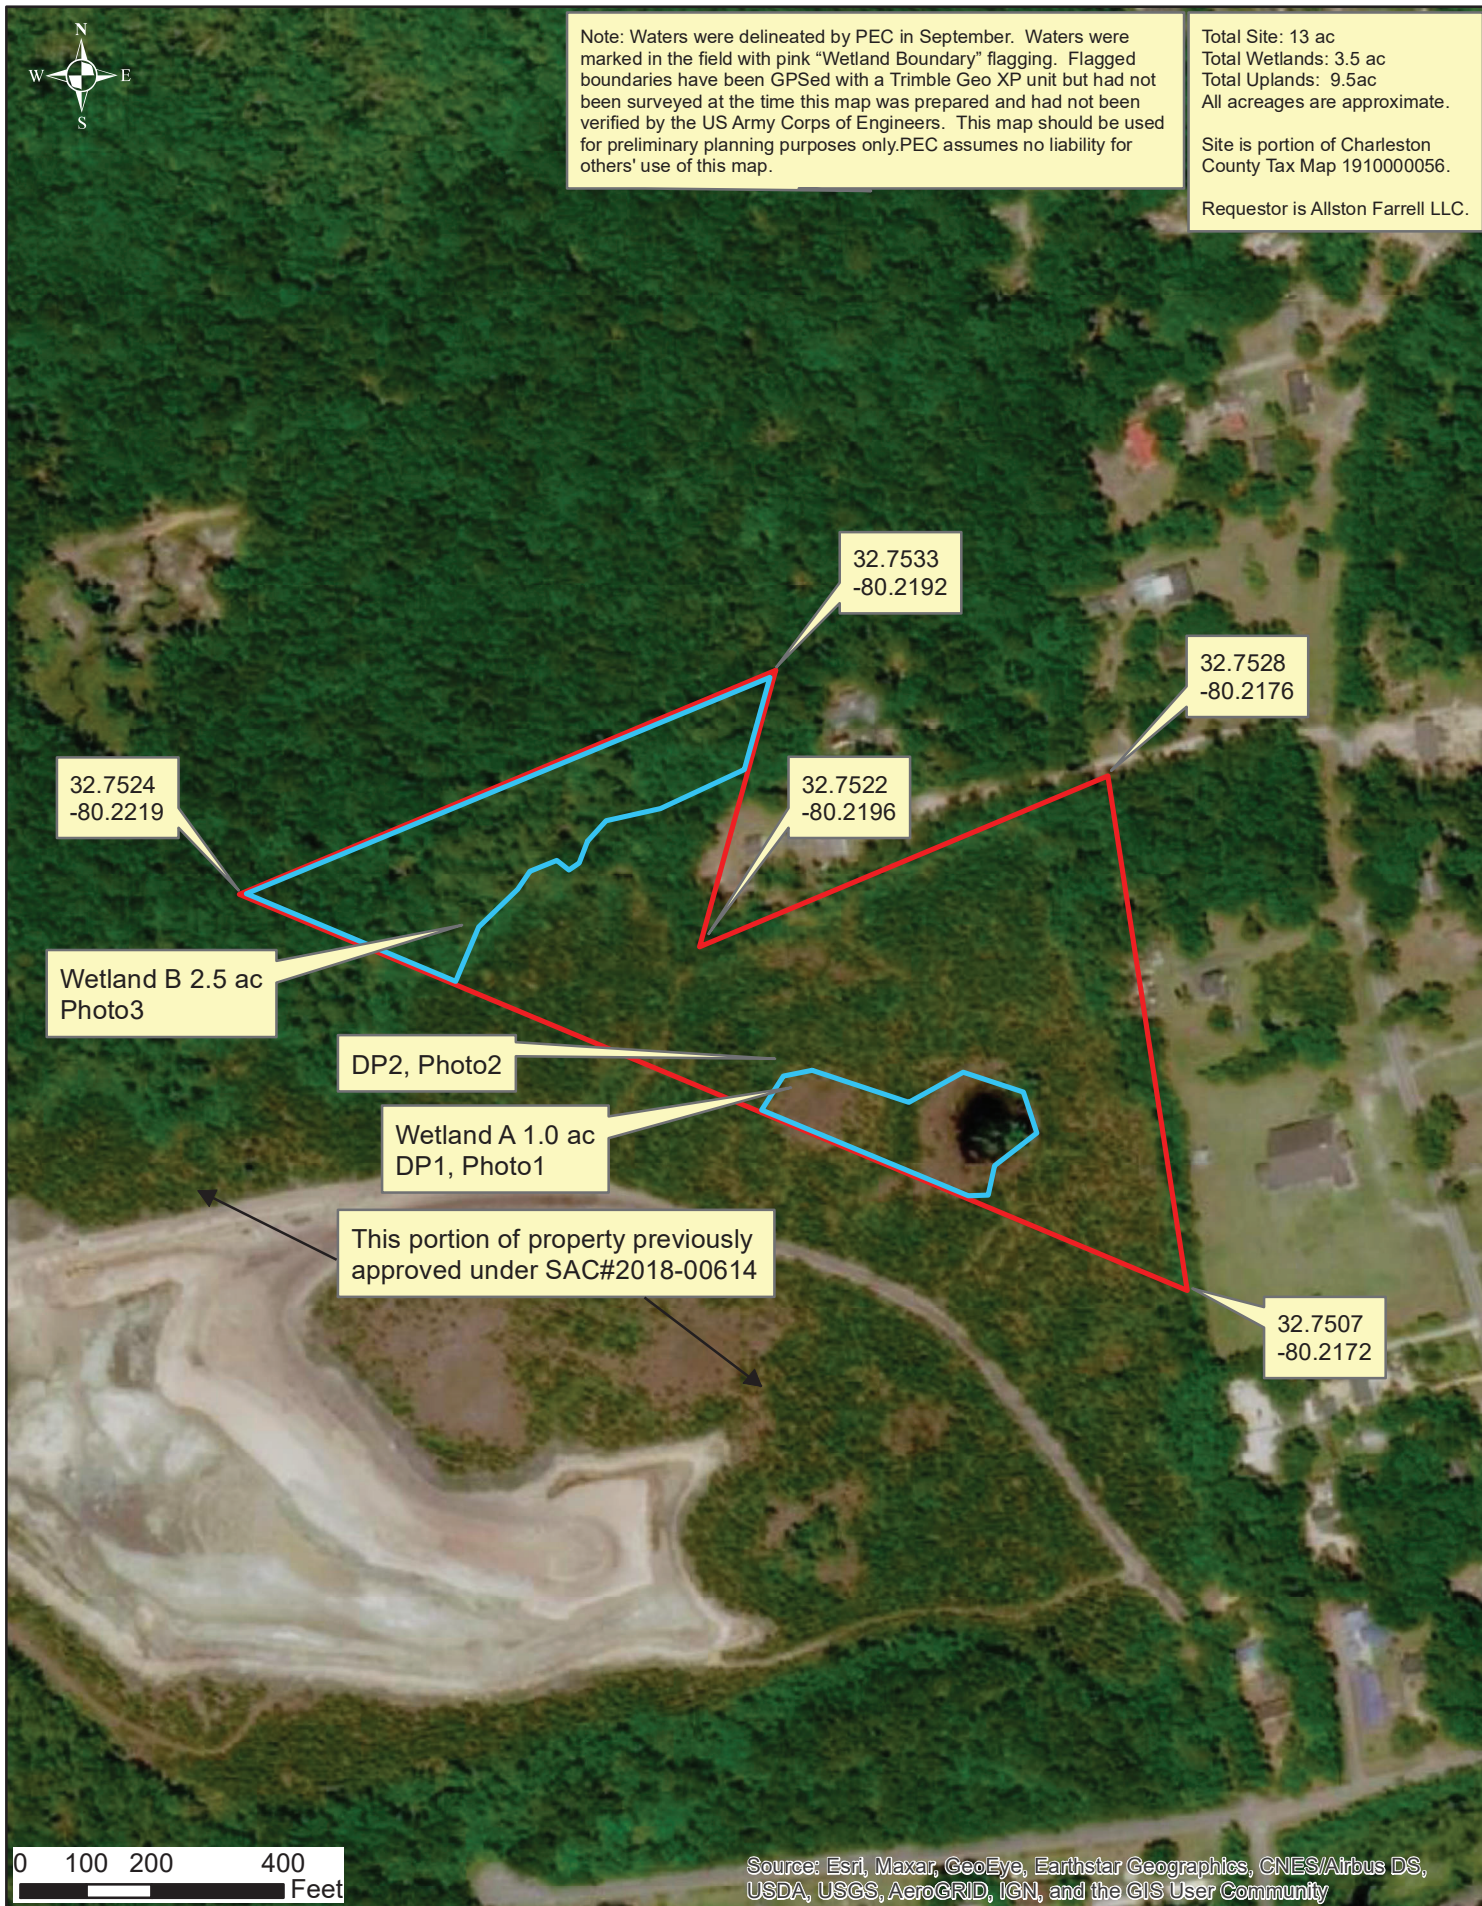

Note: Waters were delineated by PEC in September. Waters were marked in the field with pink "Wetland Boundary" flagging. Flagged boundaries have been GPSed with a Trimble Geo XP unit but had not been surveyed at the time this map was prepared and had not been verified by the US Army Corps of Engineers. This map should be used for preliminary planning purposes only. PEC assumes no liability for others' use of this map.
