RE: Acknowledgement of Public Hearing Request  
Application for Mine Operating Permit I-002335  
Proposed Enoree Development Site Quarry, LuckStone Corporation

The South Carolina Department of Health and Environmental Control (DHEC) acknowledges the request for a public hearing on the application for the permit referenced above.

In accordance with 48-20-70 of the South Carolina Code of Laws, DHEC will hold a public hearing. The date, time, and location will be scheduled at the appropriate time. Once the date is determined, the public will be given notice at least thirty (30) days before the hearing.

DHEC will mail the *Notice of Public Hearing* to you. The notice will be posted on the agency webpage (<http://scdhec.gov/PublicNotices/Land>) and an announcement published in the local paper.

This hearing process is an opportunity to provide DHEC with concerns, comments, and information about the application being considered. Anyone interested in the application is asked to come and learn about the proposed operation. DHEC staff will be available at the hearing to talk with citizens and listen to concerns. If the public hearing cannot be held in person due to the COVID-19 guidelines restricting in-person gatherings, the public hearing will be held using an alternative method that provides the public the ability to participate remotely.
