

no! Public Notice SAC 2019-01427

June 11, 2021

DEAR Mr. Wenerick,

I Am Absolutely Against Dominion Energy's pipeline through my property at 2398 Willow Grove Rd. Pamplico, SC - River Neck to Kingsburg.

I Am Against the pipeline because of the environmental damage, the danger to wildlife and people. Dominion has a history of environmental infractions, water pollution, explosions. In addition, a pipeline leaks. The pipeline will devalue land by 40 percent. This pipeline is also going through heirs property. This is a major problem for African Americans losing their land.

The pipeline will destroy acres of vital habitat, forest and pristine lands. Also, loss of the valuable water and air filtering that forests provide. In addition, nothing will grow near the pipeline, not even timber.

Please Stop Dominion! Please do not allow them to pollute the Great Pee Dee River, Jeffries Creek, wildlife habitat, destruction of property, release greenhouse gas.

R Thank you!

Gail Kathy Andrews
