RE: Minor Modification to NPDES General Permit No. SCG731378
DOMNAR SAND MINES LLC/DONMAR SAND MINE
Berkeley County

Dear MARLA MAZZARELLA:

The South Carolina Department of Health and Environmental Control has made a minor modification to the NPDES General Permit issued to the above-referenced facility increasing the permitted acreage from 5.0 to 38.78 acres.

The effective date of the modification is June 1, 2020.

In addition to this NPDES general permit coverage, other permits may apply. Mines, other than borrow pits for SC DOT projects, are required to have a mine operating permit. Prior to implementing these changes to your NPDES general permit coverage, you may be required to request to modify your mine operating permit. Mine operating permits are issued through the Division of Mining and Solid Waste Management in the Bureau of Land and Waste Management. If you have questions concerning the mine operating permit process, contact Mr. Joseph Koon at (803) 898-1371.

I have enclosed a new set of DMR Forms. If you have any questions, please contact Brett M Caswell at 803-898-4396.

Sincerely,

A handwritten signature in cursive script that reads "Patty Barnes".

Patty Barnes
NPDES Administration
